

Cabinet Installers/Finished Carpentry

Compensation will be based on experience

We are looking for a garage cabinet /closet system installer to work with our growing company in the Phoenix area.

Primary Duty: Responsible for timely and error free product installation. Primary products include, but are not limited to garage cabinets, closet organizers, and office organization products and Murphy bed cabinetry.

Essential Job Functions:

1. Conduct in-home installation of company product(s) and collect payment.
2. Conduct in-home installation repairs, as needed.
3. Provide friendly and knowledgeable service to ensure customer satisfaction.
4. Complete and submit installation paperwork on a daily basis.
5. Ability to work occasional Saturdays.

Must Haves:

Recent garage and or closet organizer installation experience (1 year), or will be willing to train the right person.

Reliable truck with or without trailer.

Clean driving record and current proof of insurance.

Have your own tools.

Take pride you your workmanship.
